VISION

"To be a globally recognized center of excellence in all aspects of management education and produce ethical leaders with functional expertise, promoting sustainable solutions, and an entrepreneurial & innovative perspective to improve their employability exponentially".

MISSION

- To offer an academically rigorous, practice and research- supported management education based on principles and ethical values, sensitive to the ever-changing needs of the profession society, industry and country.
 - To continue to provide a stimulating learning environment that fosters the understanding of disruptive technological developments and encourages continuous innovation and learning.
 - To promote the practice of collaborations and work-related learning experience which focuses on the application of knowledge and skills which are globally relevant.
 - Nurture personal mentoring that respects individuality and inspires students to become responsive and responsible business leaders who can make progressive and sustainable impacts.
 - To provide broad and domain-specific knowledge to up skill, students in definitive careers of functional expertise through various course electives in upcoming frontiers of management education.
 - To stimulate and encourage entrepreneurial culture by equipping students with global business awareness and developing faculty as thought leaders.
-

PROGRAM EDUCATIONAL OBJECTIVES (PEOS)

- Managerial Excellence: To facilitate managerial excellence and globally relevant professional competency.
- Innovation and Sustainability: To instill innovative and sustainable problem-solving abilities which will help them to become responsible business leaders.
- Entrepreneurial Acumen: To develop entrepreneurial acumen for employability and exponential growth opportunities.
- Ethics and Values: To develop professional ethics and imbibe value systems & learning mechanisms needed for the growth and well-being of society.
- Quality and Technology: To be able to contribute to the high quality of knowledge creation through faculty development and industrial collaborations through technology implants in management education.

MESSAGE FROM OUR LEADERS

Manohar Thairani
President

From His Desk :

"The essence of true education is not only to facilitate the students with tools to attain success in life but also to engrain values and skills in them."

We, at Lloyd, work to incorporate the principles of modesty, compassion coupled with idea to effectuate innovation, growth and excellence. The curriculum of the program is industry oriented. Academic rigor is reflected in the course design and delivery of this program and I believe infusing technology into the management programme will create futuristic jobs.

Various pedagogic tools help our students develop not only a holistic business perspective but an ability to seize opportunities in a competitive business environment. At the same time they remain committed towards the betterment of the society.

LBS is supported by State of the Art Infrastructure and coupled with industry oriented curriculum based on real life practical training. Academic rigor is reflected in the course design, delivery of academics and dedicated team of faculty members, equipped with right mix of industry-academic-research experience.

Members of faculty are involved in their pursuit of developing and disseminating knowledge through teaching, research and consulting. Lloyd Business School welcomes you to join us to realize your full potential under our able guidance.

MESSAGE FROM OUR LEADERS

Prof (Dr.) Vandana Arora Sethi

Chief Strategy Officer &
Head of Growth at Lloyd

From Her Desk :

As technology continues to advance at a frenetic pace and world becomes increasingly unpredictable, there is change everywhere.

And not just change mandated by the AI & IT but change that Mother nature keeps challenging us with - floods, draughts, tsunamis and the deadly pandemics like Covid-19. During the 2 years of standstill of Covid, the vacuum cleaner salesman had no sales. He could neither visit his prospects, nor give them a demo. He analyzed this and worked out a plan. He connected his earlier buyers, interacted with them on FaceTime & based on trust relationship he had established with them sought their experiences and with their permission, stand these FaceTime conversations with his prospects. He needed new skills: mobile skills; tact, networking and confidence.

Skills not taught in the post graduate management programme. More & more employers are moving beyond degrees and job titles to focus more on the skills the changing business environment needs.

So perhaps this is the time to redress this short coming with a new look at one B-School environment and incorporate technology-based education.

Lloyd Business School is fully prepared for opportunities that the 4th Industrial Revolution is offering which emphasizes the interconnections of machines & systems to achieve optimal performance & productivity gains, which is the aim of any business.

Industrial revolution 5.0 is said to take it a step further. By this, fine tuning is created b/w human & machines, a collaboration b/w automated technology's ultra-fast accuracy and human's intelligence & creativity.

PGDM-5.0 at Lloyd Business School focuses on use of modern cutting edge technologies like AI, IoT, Big Data, Cloud Computing, Block Chain, Digital twins along with training the management students with leveraging human creativity & intelligence.

Preparing you not only for today but ensuring a futuristic career for you as well. I extend a warm welcome to all management aspirants for admission 2025. May the best ones get selected at Lloyd!

through NSE Lab**

TRIDENT INFORMATION SYSTEMS PVT LTD

With the intent to help the PGDM students/budding managers to upskill themselves in a techno-functional role which is the need of the hour, Lloyd has initiated an association with Trident Transform System for technology oriented training module.

We propose to deploy a "HTD" model which is the Hire-Train-Deploy model, where in students of PGDM are exposed to training by Trident on skills which they can harness for a employable opportunity within the organisation.

The intent is to help develop resources customised for company requirements through a focused training approach to make them skill proficient and competent for industry roles reducing the gap the student takes to accommodate in to industry jobs and ascertain faster productivity at workplace.

Considering that the students from Management are an impetus for vibrant minds with energetic ideas, we at Lloyd have always believed that Industry 5.0 requires a skill set which is technologically oriented towards addressing dynamic markets for innovative solutions.

Setting the aforesaid as the backbone of liaising Lloyd has entered in to a Industrial collaboration for Centre of Excellence in Microsoft Dynamics 365 for students of PGDM-BFSI and SCM.

The company would be providing training support and placement opportunities after the conclusion of the industrial training so that students can perform ERP skill set in their very 2nd year of PGDM in a niche skill set.

MoU SIGNED

with

Trident Information Systems Pvt. Ltd

For COLLABORATION OF TRAINING IN

Microsoft Dynamics 365 ERP

Through the MOU the following has been proposed :

Set up Corporate Hub for Trident in association with the College for Looking forward to a knowledge and skill based intervention for upskilling the students at Lloyd by Industry mentors like Trident Technologies who have acted as pillars of light for students graduating from Lloyd.

- Placement Support
- Technology Training
- Train the Trainers
- Hackathon and coding Events
- Corporate Connect and Recruitments
- Industry Institute Interaction

Vivek Seth

PGDM-BFSI (2022-24)
Trident Information Systems

PGDM OPERATIONS MANAGEMENT

Highlights:

-  **Specialized focus on Operations Management**
-  **Collaboration with Industry Experts**
-  **Certification courses in Logistics**
-  **Updated industry-oriented curriculum & global exposure**
-  **Corporate Exposure & Mentorship**
-  **Analytics Training in Operations Management**

The Operations Management programme is designed in collaboration with industry experts and aims to equip students with the expertise required to excel in the domain of operations and supply chain management.

The programme is in collaboration with Logistic Sector Skill Council (LSC) of India. It seamlessly integrates the theoretical concepts with practical applications to prepare students for the highly dynamic and competitive business environment where operational efficiency drives success.

Lloyd offers a distinctive '**Work & Learn Programme**', a unique feature that combines rigorous academic learning with **On-the Job Training (OJT)**. This model focuses on imparting the skills, knowledge and competencies essential for success in operations roles, enabling students to gain hands-on experience while pursuing the course.

Abhijeet Kumar

CONFERENCES & CONCLAVES

AICTE SPONSORED INTERNATIONAL CONFERENCE ON

"National Education Policy –
Transformational Reforms in
Higher Education (NEP-TRHE):
Making a Global Impact"

The Two Days Lloyd's International Conference, sponsored by AICTE, themed on "National Education Policy-Transformational Reforms in Higher Education: Making a Global Impact" was successfully conducted at Lloyd Campus. Receiving more than 700 participants from 75 different organisations & 12 different states, with 126 Total Abstracts including Oral & Paper presentations.

Ms. Samridhi Thakur, from G.L.U. 1st Prize in poster presentation

Dr. V. Kalaiselvan, Senior Principal Scientific Officer, IPC, Ministry of Health & Family Welfare, GOI, Ghaziabad, UP

The conference aimed at providing a common platform to all the stakeholders in Education- the regulators, managements, faculty members, researchers, students and people from Industry to deliberate on diverse perspectives of the New National Education Policy and understand its role in transforming higher education. The purpose was to provide an understanding of the proposed reforms and ease in creation of a roadmap for effective implementation.
