About IIEBM

IIEBM was established in the year 2000 by Col Vinod Marwaha & Shrimant Vijay Sinha Naik Nimbalkar (popularly known as Shivajiraje), a scion of the Royal Family of Phaltan, District Satara, along with Senior Officers of the Indian Armed Forces.

With a legacy of 25 years in Management Education, IIEBM continues to groom future leaders using time-tested Armed Forces Ethos, Values and Management Techniques where focus is on Discipline, Decorum, Integrity, Camaraderie and most importantly Nationalism.

IIEBM's Educational roots trace back to the Parent Educational Trust, founded by Shivajiraje, which has been active in the Education Sector since the year 1951. The foundation was laid even earlier, in the year 1893, when His Highness Shrimant Mudhojirao Naik Nimbalkar, Ruler of Phaltan State, established the first school in the region.

Col Marwaha, an Alumnus of the National Defence Academy (38th Course) and Indian Military Academy (47th Course), was among the youngest Officers to serve in the 1971 Bangladesh Liberation War, a cohort fondly known as the "Born to Battle" Course. As Founder President & Managing Trustee, he infused IIEBM with the same spirit, ensuring Students graduate "Battle-Ready for the Corporate Battlefield."

Today, the Parent Trust runs CBSE affiliated Schools and Colleges in Commerce, Science, Agriculture, Pharmacy and Engineering in Phaltan, continuing their enduring commitment to quality education and regional development.

Col Vinod Marwaha Foundation

(CSR Arm of IIEBM Trust)

We proudly introduce the Col Vinod Marwaha Foundation, the CSR arm of the IIEBM Trust. Inspired by Col Vinod Marwaha's vision, the foundation leads impactful initiatives in education, social welfare, and environmental sustainability. Our mission is to empower communities and create lasting change, building a legacy of positive impact.

Col Vinod Marwaha

Founder President & Managing Trustee, IIEBM Trust

“ Technology has emerged as the most decisive factor, redefining how enterprises operate, compete, and sustain themselves. From analytics and digital platforms to automation and artificial intelligence, these tools have become the new “strategic arsenal” for businesses across sectors. ”

Dear Students,

The business world today is in a constant state of flux, where change is the only certainty. Much like the battlefield, industries and economies are being reshaped by new forces—technology, innovation, and global interconnection. Success in such an environment demands preparedness, agility with the courage to adapt to new challenges.

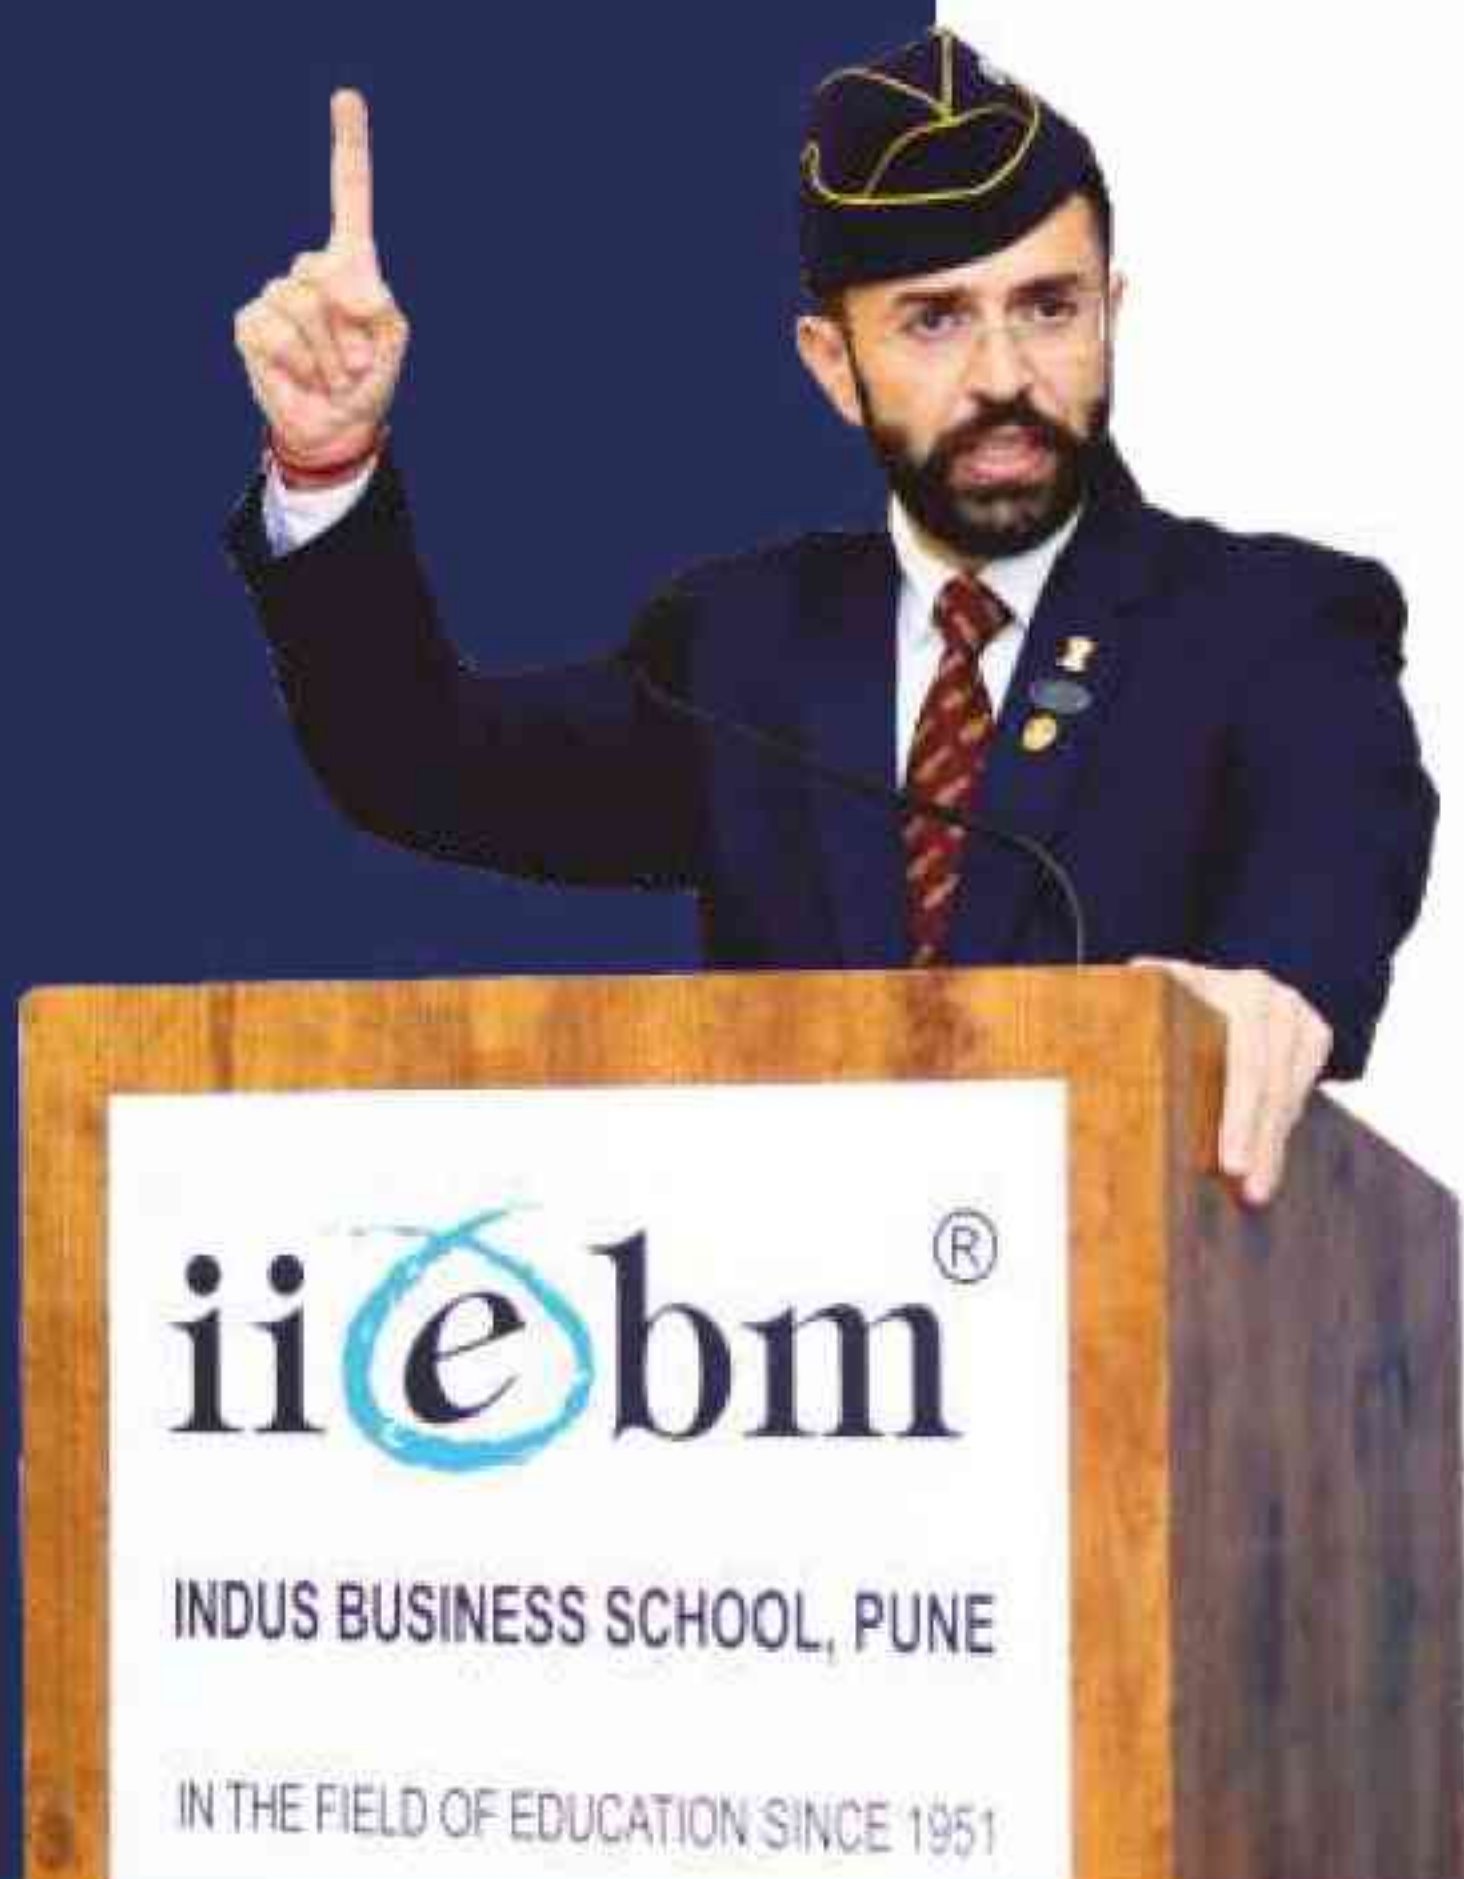

Technology has emerged as the most decisive factor, redefining how enterprises operate, compete, and sustain themselves. From analytics and digital platforms to automation and artificial intelligence, these tools have become the new “strategic arsenal” for businesses across sectors. To remain mission-ready, managers and entrepreneurs must develop the skills and mindset to harness these technologies effectively.

At IIEBM, we anticipated this transformation and have continuously refined our Postgraduate Diploma in Management (PGDM) to prepare future leaders who are professionally competent, technologically adept, and ethically grounded. Just as in the defense forces, where training and discipline prepare soldiers for the unknown, our programs are designed to equip students with knowledge, resilience, and leadership to excel in a dynamic global environment.

I warmly welcome you to join IIEBM and embark on this transformational journey that will prepare you to “lead from the front” in the corporate arena.

Col Vinod Marwaha

Founder President & Managing Trustee
IIEBM Trust

“ To meet the challenges of Globalization has become the focal point of Indian Business and Industry. If the Indian Industry is to carve out a niche for itself in the World Economic order, it is imperative that management of enterprises must transform and embrace the latest knowledge and technologies. ”

Dr. Jai Singh

Managing Director and Trustee, IIEBM

Dear Students,

Economies across the globe are rapidly integrating into a mega World Economy.

In today's fast-changing and hyper-competitive environment, it is imperative to extend our sights beyond contemporary knowledge and capabilities.

To meet the challenges of Globalization has become the focal point of Indian Business and Industry. If the Indian Industry is to carve out a niche for itself in the World Economic order, it is imperative that management of enterprises must transform and embrace the latest knowledge and technologies.

The need of the hour is to turn out Business Leaders and Entrepreneurs who are equipped with the right skill-sets and tools to analyse markets and consumer behaviour in all types of Economic scenarios.

We at IIEBM have designed the course curriculum in a very scientific manner and it is intended to be stimulating, challenging and comprehensive with meticulously engineered educational expertise and holistic approach methodology that provides every student with an opportunity to equip oneself with the right tools to analyse markets and consumer behaviour in all types of economic scenarios.

The two years spent at IIEBM, provides every possible opportunity for students to grow morally, creatively and intellectually in a highly competitive and dynamic business environment.

Our PGDM program is different from other programs as it focuses not only on imparting knowledge and giving Industry exposure to our students but laying equal thrust on honing Business and other soft skills essential for the overall personality development for making them Industry ready.

We also lay importance on imbibing the IIEBM CORE VALUES in our students which are very critical for being successful in every sphere of life.

We look forward to students who have the capacity to work hard and would like to undergo a transformational learning experience to become Business Leaders and Entrepreneurs.

Wishing all future aspirants early realization of their dreams.

With Best Wishes,

Dr. Jai Singh

Managing Director and Trustee
IIEBM

Dr. Poonam Nikam
Dean, IIEBM

“What truly makes IIEBM unique is our ethos—Corporate Battlefield Ready. Inspired by our strong legacy of discipline and leadership, we want you to graduate not only as competent professionals but as responsible leaders who embody our ASPIRE values.”

Dear Students,

It gives me immense joy to welcome you to the IIEBM family. Stepping into this new chapter of your life is not just about academics—it's about discovering who you are, building discipline and confidence, and shaping the character that will carry you through the challenges of a dynamic global business world.

At IIEBM, we believe learning must go beyond books. That's why our programs are designed with a perfect blend of academic rigor and practical exposure—through live projects, internships, leadership bootcamps, certifications, and entrepreneurial opportunities. My personal wish for each of you is that you make the most of these opportunities, not just to prepare for a career, but to prepare for life.

What truly makes IIEBM unique is our ethos—Corporate Battlefield Ready. Inspired by our strong legacy of discipline and leadership, we want you to graduate not only as competent professionals but as responsible leaders who embody our ASPIRE values: Attitude, Self-Discipline, Perseverance, Intelligence, Reliability, and Ethics.

This journey will test you, inspire you, and transform you. You will make lifelong friendships, face moments of challenge and triumph, and most importantly—you will discover your own potential. Remember, success is not just about the placement you secure but about the leader you become, the values you carry, and the impact you create.

As your Dean, I look forward to walking this journey with you—guiding, mentoring, and celebrating your milestones. I invite you to embrace every experience here with an open mind and a determined heart.

With warm regards and best wishes for your journey ahead,

Dr. Poonam Nikam

Additional Certification for PGDM PLUS

Order Fulfilment (SAP SD)

This module focuses on the sales and distribution of finished goods, encompassing functionalities for sales order processing, delivery processing and billing.

Financial Accounting (SAP FICO)

It is used to manage financial transactions and generate financial statements for an organization. It covers various sub-modules like General Ledger, Asset Accounting, etc.

Material Management (SAP MM)

This module deals with the procurement and management of raw materials and finished goods such as purchasing, inventory management, and material valuation.

Success Factor (SAP SF)

This module manages an organization's human resources data, including employee records, payroll, benefits and performance management. It covers various Sub-Modules like Personnel Administration, Time Management etc.

Business Warehouse (SAP BW)

SAP BW integrates, transforms and consolidates data from SAP and external sources, enabling analysis and insights that support informed, goal oriented decision-making.

SCM Production Planning (SAP PP)

SAP PP, a key module of SAP's supply chain management, optimizes the production process—from raw materials to finished goods—through efficient planning, scheduling and resource management.

PGDM MARKETING

Post Graduate Diploma In Marketing

Program Overview:

It is a specialized program designed to nurture marketing professionals with strong foundation in marketing principles, consumer behavior, brand management, and digital marketing. This program equips students with the knowledge and skills required to excel in the dynamic and ever-evolving field of marketing.

Key Program Highlights:

Real-World Projects: Students engage in hands-on projects, case studies, and marketing simulations that provide practical experience in solving marketing challenges and making data-driven decisions.

Industry-Connected Faculty: Our faculty members provide valuable insights into current marketing trends, best practices, and emerging technologies.

Market Research and Consumer Insights: The program focuses on understanding consumer behaviour, conducting market research, and using data-driven insights to drive marketing strategies.

Brand Management: Students learn the art of brand building and management, including creating brand identities, positioning, and strategies for brand growth and Sustainability.

Skills Taught:

Market Research and Consumer Behaviour Analysis: Learn to conduct market research and analyse consumer behavior to develop effective marketing strategies and campaigns.

Brand Management and Communication: Develop skills in brand positioning, brand communication, and brand equity management to create compelling brand stories and enhance brand visibility.

Digital Marketing and Social Media Management: Acquire expertise in leveraging digital platforms and social media channels to create impactful marketing campaigns and engage with target audiences effectively.

Marketing Strategy and Planning: Master the art of formulating marketing strategies and creating comprehensive marketing plans to achieve business objectives and drive growth.

Sales and Relationship Management: Cultivate skills in sales techniques, customer relationship management, and sales analytics to drive sales growth and foster long term customer relationships.

Career Opportunities

Graduates of the PGDM in Marketing program are well-prepared for a wide range of marketing related roles in diverse industries, including but not limited to:

- Marketing Manager
- Brand Manager
- Digital Marketing Specialist
- Product Manager
- Market Research Analyst
- Advertising & Promotions Manager
- Sales Manager
- Public Relations Specialist
- Social Media Manager

Admission Requirements:

Applicants to the PGDM in Marketing program should typically hold a bachelor's degree in any discipline with min of 60% marks.

Exams Required:

CAT/XAT/MAT/CMAT /ATMA/GMAT/NMAT or any other competitive exam approved by AICTE.

Specialization Electives

- Marketing Analytics
- Consumer & Organizational Buying Behavior
- Service Marketing
- Retail Management
- Sales & Negotiation Management
- Business to Business Marketing
- International Marketing
- Integrated Marketing Communication
- E-commerce and Digital Marketing
- Customer Relationship Management
- Strategic Marketing
- Rural Marketing

PGDM FINANCE

Post Graduate Diploma in Finance

Program Overview:

The Post Graduate Diploma in Management (PGDM) in Finance is a highly specialized program designed to equip students with the skills and knowledge required for a successful career in the field of finance. This program is tailored to meet the dynamic needs of the finance industry and provides a strong foundation in financial management, investment analysis, risk assessment & financial strategy.

Key Program Highlights:

Industry-Relevant Projects: The program emphasizes practical learning through real-world projects, case studies and simulations.

Guest Lectures and Seminars: Regular guest lectures and seminars featuring finance professionals and industry leaders provide valuable insights and networking opportunities for students.

Internship and Placement Support: We have a strong network of corporate partners in the finance sector, and our dedicated placement cell assists students in securing internships and job placements with leading financial institutions.

Financial Technology (FinTech) Focus: The program recognizes the growing importance of technology in finance. Students will explore the intersection of finance and technology, gaining skills in areas like data analysis, blockchain, and financial software tools.

Skills Taught:

Financial Analysis and Reporting: Develop proficiency in analyzing financial statements and interpreting key financial indicators for informed decision-making and reporting.

Risk Assessment & Management: Acquire skills in identifying, assessing and managing financial risks to ensure sustainable and secure financial outcomes for organizations.

Investment Strategy Portfolio Management: Master the art of designing effective investment strategies and managing portfolios to optimize returns and minimize risks.

Financial Modelling and Valuation: Gain expertise in building financial models and conducting valuation analysis to assess the financial viability of investment projects and potential mergers and acquisitions

Ethical and Regulatory Compliance: Understand the ethical and regulatory frameworks governing the financial industry, ensuring adherence to industry standards and best practices.

Career Opportunities

Graduates of the PGDM in Finance program are well prepared for a wide range of finance-related careers, including but not Limited to:

- Financial Analyst
- Investment Banker
- Portfolio Manager
- Risk Manager
- Financial Consultant
- Corporate Finance Manager
- Asset Manager
- Financial Planner
- Quantitative Analyst

Admission Requirements:

Applicants to the PGDM in Finance program should typically hold a bachelor's degree in any discipline with min of 60% marks.

Exams Required:

CAT/XAT/MAT/CMAT /ATMA/GMAT/ NMAT or any other competitive exam approved by AICTE

Specialization Electives

- Financial Analytics
- Financial Modelling
- Security Analysis & Portfolio Management
- Investment Banking & Wealth Management
- Microfinance and Developmental Banking
- Direct & Indirect Taxation
- Business Analysis and Valuation
- Advanced Financial Management
- Derivatives and Risk Management
- International Finance
- Venture and Private Equity Funding
- Banking Operations and Bank Risk Mangament

PGDM BUSINESS ANALYTICS

Post Graduate Diploma In BA

Program Overview:

The Post Graduate Diploma in Management (PGDM) in Business Analytics is a specialized program designed to train professionals in the field of data driven decision-making and analytics. This program equips students with the knowledge and skills required to leverage data and advanced analytics techniques for strategic decision-making in business.

Key Program Highlights:

Practical Learning: Students engage in hands on projects and real world case studies, enabling them to apply analytical concepts to solve complex business problems.

They have access to state-of-the-art analytics tools and software.

Capstone Projects: Business analytics capstone projects are centered around addressing practical business issues using data analysis and insights. Students work on projects related to data driven decision-making, performance optimization, market analysis, or process improvement, often for real organizations.

Industry-Experienced Faculty: Our faculty members are experts in the field of business analytics, with a strong mix of academic knowledge and industry experience.

Internship Opportunities: Students have the opportunity to undertake internships with leading organizations, allowing them to gain practical experience in applying analytics in a corporate environment.

Skills Taught:

Data Interpretation and Visualization: Learn to interpret complex data sets and create insightful visual representations to facilitate data driven decision-making.

Predictive Modelling and Forecasting: Acquire the skills to develop predictive models and forecasts using statistical and machine learning techniques to identify future trends and patterns.

Data Mining and Big Data Analytics: Master the art of extracting valuable insights from large and complex data sets using cutting edge tools and technologies.

Business Intelligence and Reporting: Develop expertise in generating meaningful reports and dashboards to provide actionable insights for effective business strategy formulation.

Problem-Solving and Critical Thinking: Cultivate a problem-solving mindset and enhance critical thinking abilities to address complex business challenges using data-driven approaches.

Career Opportunities

Graduates of the PGDM in Business Analytics program are in high demand in various industries. They are well-prepared for roles such as:

- Data Analyst
- Business Analyst
- Data Scientist
- Predictive Modeller
- Machine Learning Engineer
- Analytics Consultant
- Business Intelligence Analyst
- Data Analytics Manager

Admission Requirements:

Applicants to the PGDM in Business Analytics program should typically hold a bachelor's degree in any discipline with min of 60% marks.

Eligibility:

BE (COMP/IT/ Mech) or BSc (Stat/Math), MCA/BCA

Specialization Electives

- Descriptive Statistics using R
- SQL for Business Analytics
- Data Management and Data Visualization
- Artificial Intelligence in Business Applications
- Advanced Statistical Methods using R
- Data Mining
- Predictive Modelling using SPSS Modeller
- Digital Social Media and Text Analytics
- Marketing and Customer Analytics
- Pricing & Demand Analytics
- Financial Analytics
- Forecasting Analytics
- Supply Chain and Retail Analytics

PGDM HUMAN RESOURCES

Post Graduate Diploma In HR

Program Overview:

The Post Graduate Diploma in Management (PGDM) in Human Resources is a specialized program designed to develop HR professionals with a deep understanding of human capital management, organizational development, and strategic HR practices. This program equips students with the knowledge and skills required to excel in HR leadership roles and contribute to the success of organizations.

Key Program Highlights:

Experiential Learning: The program emphasizes experiential learning through case studies, group projects and simulations. Students gain practical insights into real world HR challenges and develop problem solving and decision making skills.

Industry-Experienced Faculty: Our faculty members bring a wealth of industry experience and academic expertise to the classroom.

Internship & Industry Exposure: Students have the opportunity to undertake internships with leading organizations, allowing them to apply their classroom learning in real corporate environments.

Diversity and Inclusion Emphasis: With a growing emphasis on diversity and inclusion in the workplace, the program addresses these critical issues, preparing students to foster inclusive environments and manage diverse teams effectively.

Skills Taught:

Talent Acquisition and Management: Develop expertise in talent acquisition strategies, recruitment processes and talent retention practices to ensure a skilled and motivated workforce.

Performance Management and Appraisal: Acquire skills in designing and implementing effective performance management systems and appraisal processes to enhance employee productivity and organizational performance.

Organizational Development: Learn to assess organizational needs, manage change and foster a positive organizational culture to promote employee engagement and organizational success.

Employee Relations and Conflict Management: Cultivate skills in managing employee relations, resolving conflicts and fostering a positive work environment to ensure a harmonious and productive workplace.

HR Compliance and Legal Framework: Understand the legal framework governing HR practices and compliance requirements to ensure adherence to labour laws and regulations.

Career Opportunities

Graduates of the PGDM in HR program are well prepared for a wide range of HR related roles in various industries including:

- HR Manager
- Talent Acquisition Specialist
- Compensation & Benefits Analyst
- Employee Relations Manager
- Organizational Development
- Consultant
- Training & Development Manager
- HR Business Partner
- Diversity & Inclusion Manager
- Change Management Consultant

Admission Requirements:

Applicants to the PGDM in HR program should typically hold a bachelor's degree in any discipline with min of 60% marks.

Exams Required:

CAT/XAT/MAT/CMAT/ATMA/GMAT/NMAT or any other competitive exam approved by AICTE.

Specialization Electives

- HR Analytics
- Management of Industrial Relations and Labour Laws
- Strategic HRM
- Performance Management System
- Advanced Manpower Planning
- Training and Development
- International HRM
- HR in Service Sector
- HR Audit & Scorecard
- Compensation Management
- HR Issues in Mergers & Acquisitions
- Social Security Legislations

PGDM SUPPLY CHAIN MANAGEMENT

Post Graduate Diploma in SCM

Program Overview:

The Post Graduate Diploma in Management (PGDM) in Supply Chain Management is a specialized program designed to equip professionals with the knowledge and skills required to manage complex supply chains in today's global business environment. This program prepares students for careers in supply chain strategy, logistics, procurement, and operations management.

Key Program Highlights:

Practical Learning: Students engage in hands on learning through case studies, simulations and real-world projects.

Training from Industry Experts: The program is designed to align with industry best practices and emerging trends in supply chain management.

On Job Trainers: On job trainers help students to acquire the practical skills and competencies required in supply chain management. This includes understanding procurement, inventory management, logistics, demand forecasting and other critical aspects of the supply chain.

Internship Opportunities: Students have the opportunity to gain practical experience through internships with leading organizations in various industries, helping them build a strong professional network.

Skills Taught:

Supply Chain Optimization: Develop expertise in optimizing supply chain processes, inventory management, and distribution strategies to enhance operational efficiency and reduce costs.

Logistics and Distribution Management: Acquire skills in managing logistics networks, transportation planning, and warehouse operations to ensure the timely and efficient delivery of goods to customers.

Risk Management and Resilience: Learn to identify and mitigate supply chain risks, develop contingency plans and build resilient supply chain networks to adapt to dynamic market conditions and disruptions.

Data Analytics in Supply Chain: Master the application of data analytics and supply chain analytics tools to derive insights, forecast demand and streamline supply chain operations for improved decision making.

Sustainable Supply Chain Practices: Understand the principles of sustainable supply chain management, ethical sourcing and green logistics to promote sustainability and social responsibility within the supply chain network.

Career Opportunities

Graduates of the PGDM in Supply Chain Management program are well positioned for a wide range of supply chain related roles including:

- Supply Chain Manager
- Logistics Manager
- Procurement Specialist
- Demand Planner
- Inventory Analyst
- Operations Manager
- Supplier Relationship Manager
- Supply Chain Consultant
- Distribution Manager

Admission Requirements:

Applicants to the PGDM in Supply Chain Management program should typically hold a bachelor's degree in any discipline with a min of 60% marks.

Exams Required:

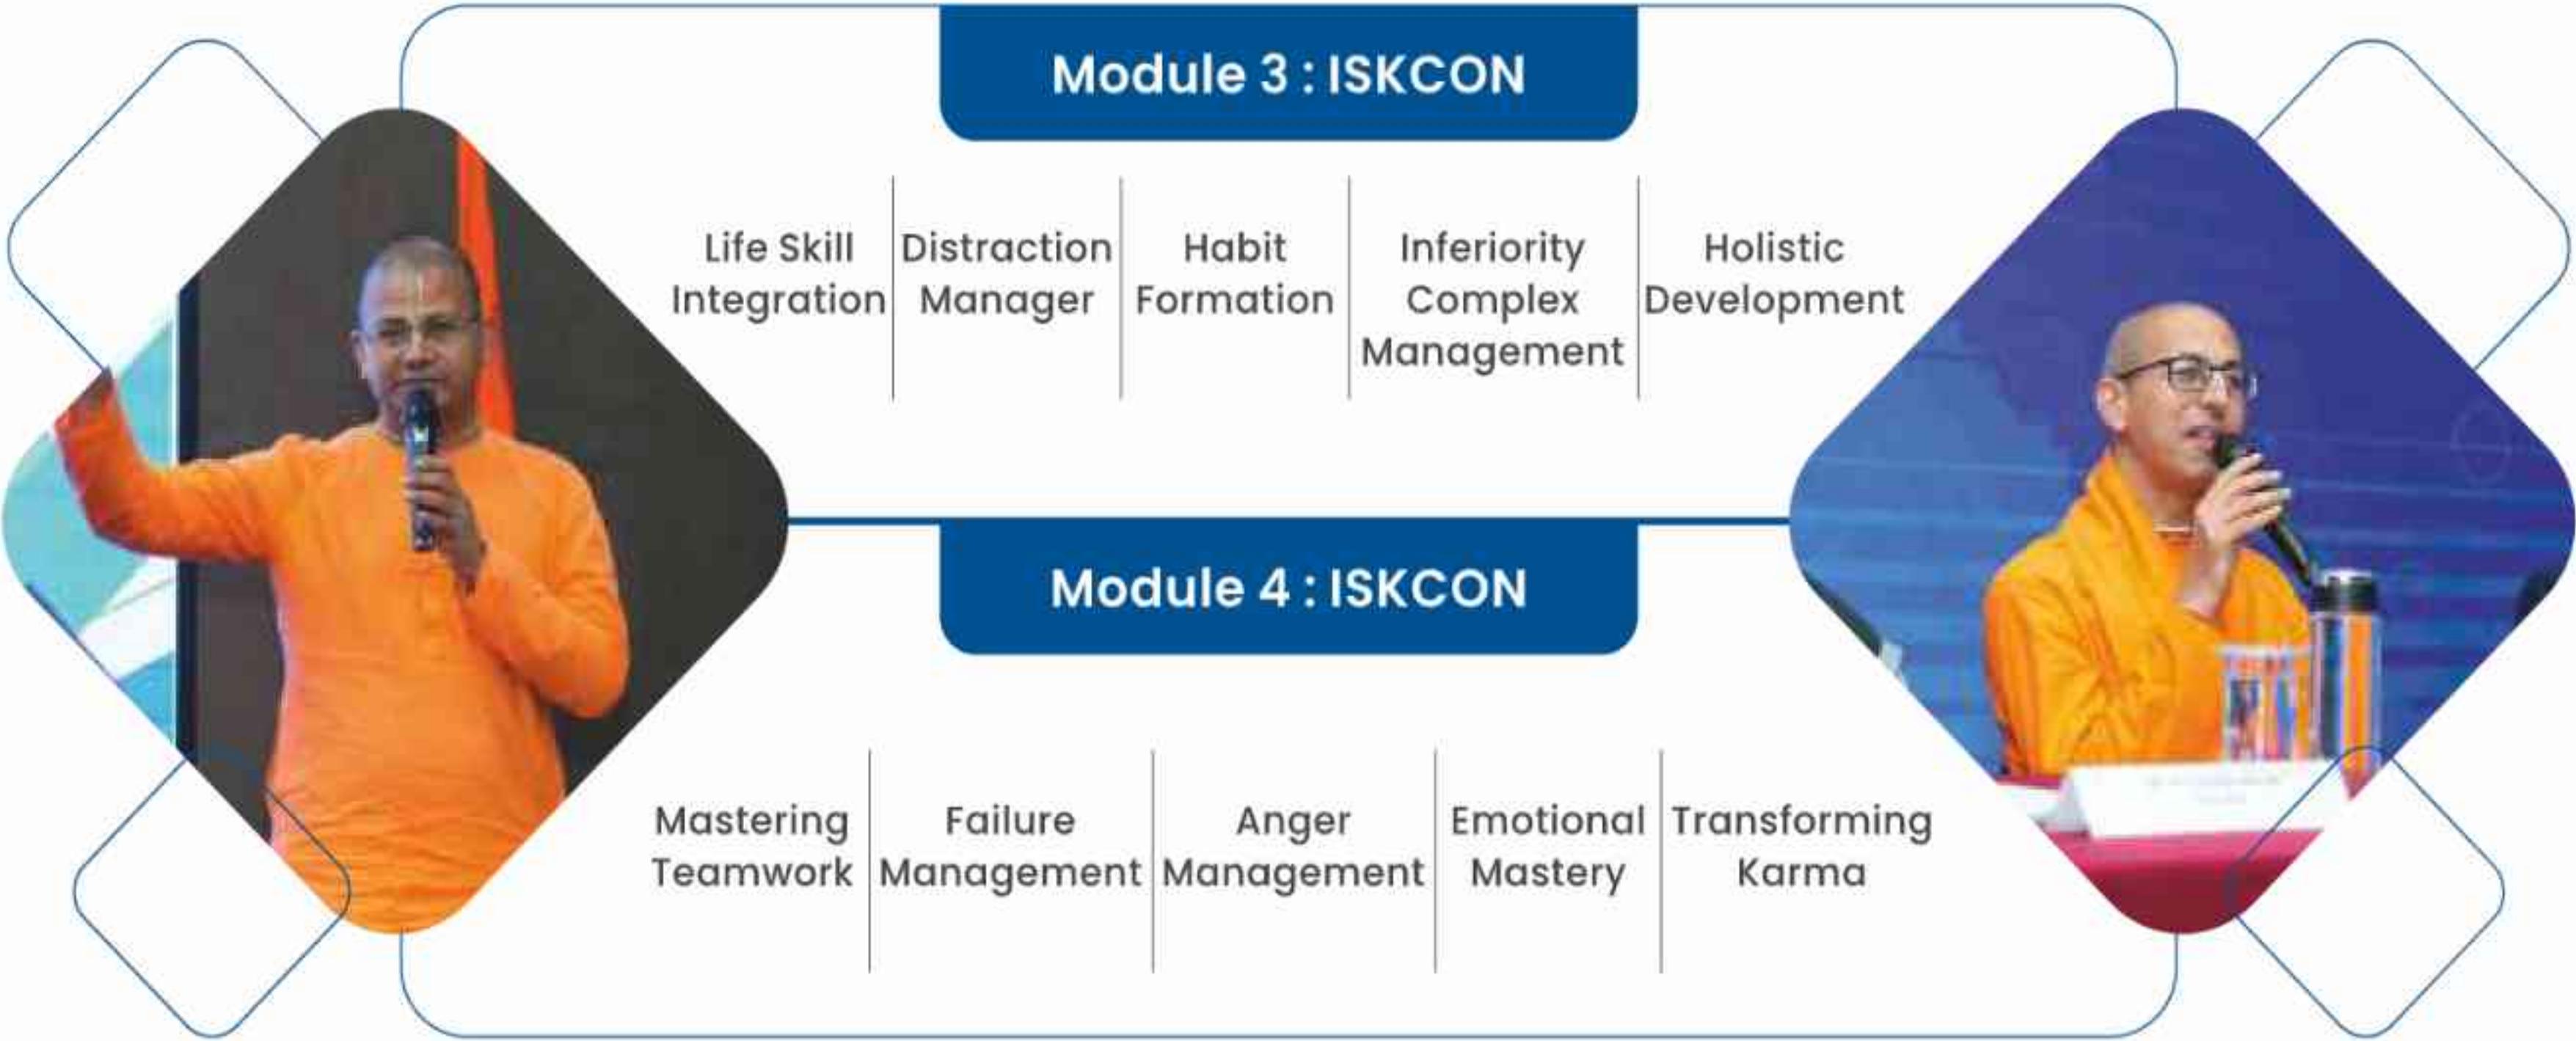

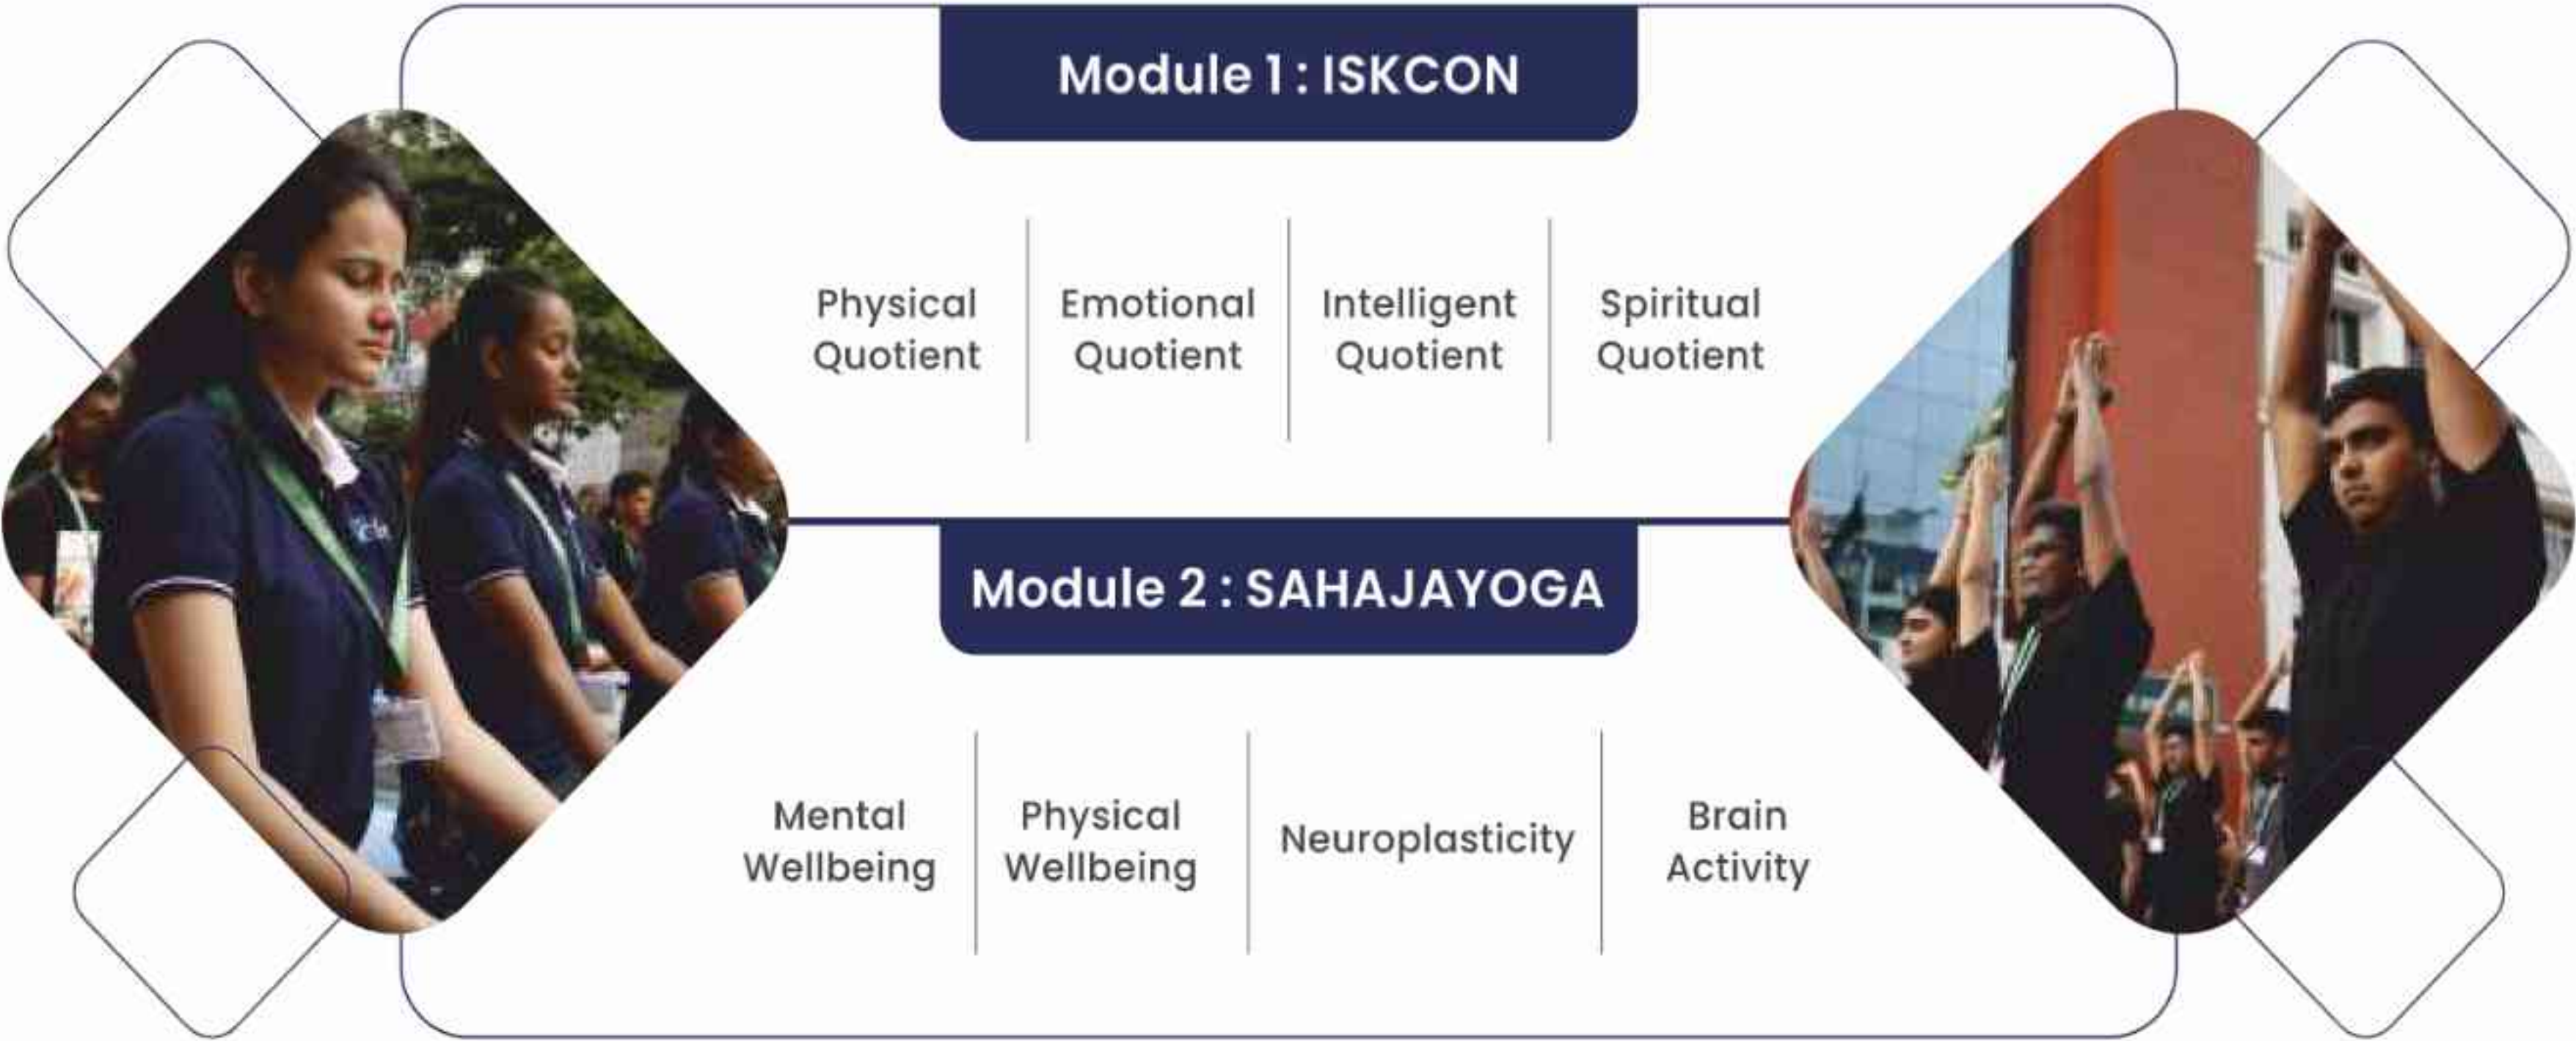

CAT/XAT/MAT/CMAT/ATMA/GMAT/NMAT or any other competitive exam approved by AICTE.

Specialization Electives

- SCM Analytics
- Supply Chain & Logistics Management
- Digital Supply Chain Management
- Material Management
- Total Quality Management
- Warehouse Management
- International Logistics
- Business Process Re-engineering (BPR)
- Service Operations Management
- Operations Strategy & Design
- Productivity Management
- World Class Manufacturing Practices

The Life Management Program

The Holistic Development Programs—Sahaja Yoga, ISKCON Life Skills Management & Combat Corporate Learning are designed to nurture students’ overall growth by integrating inner well-being, value-based life skills, and leadership excellence. Together, these programs provide a balanced framework for personal transformation, professional success and social responsibility.

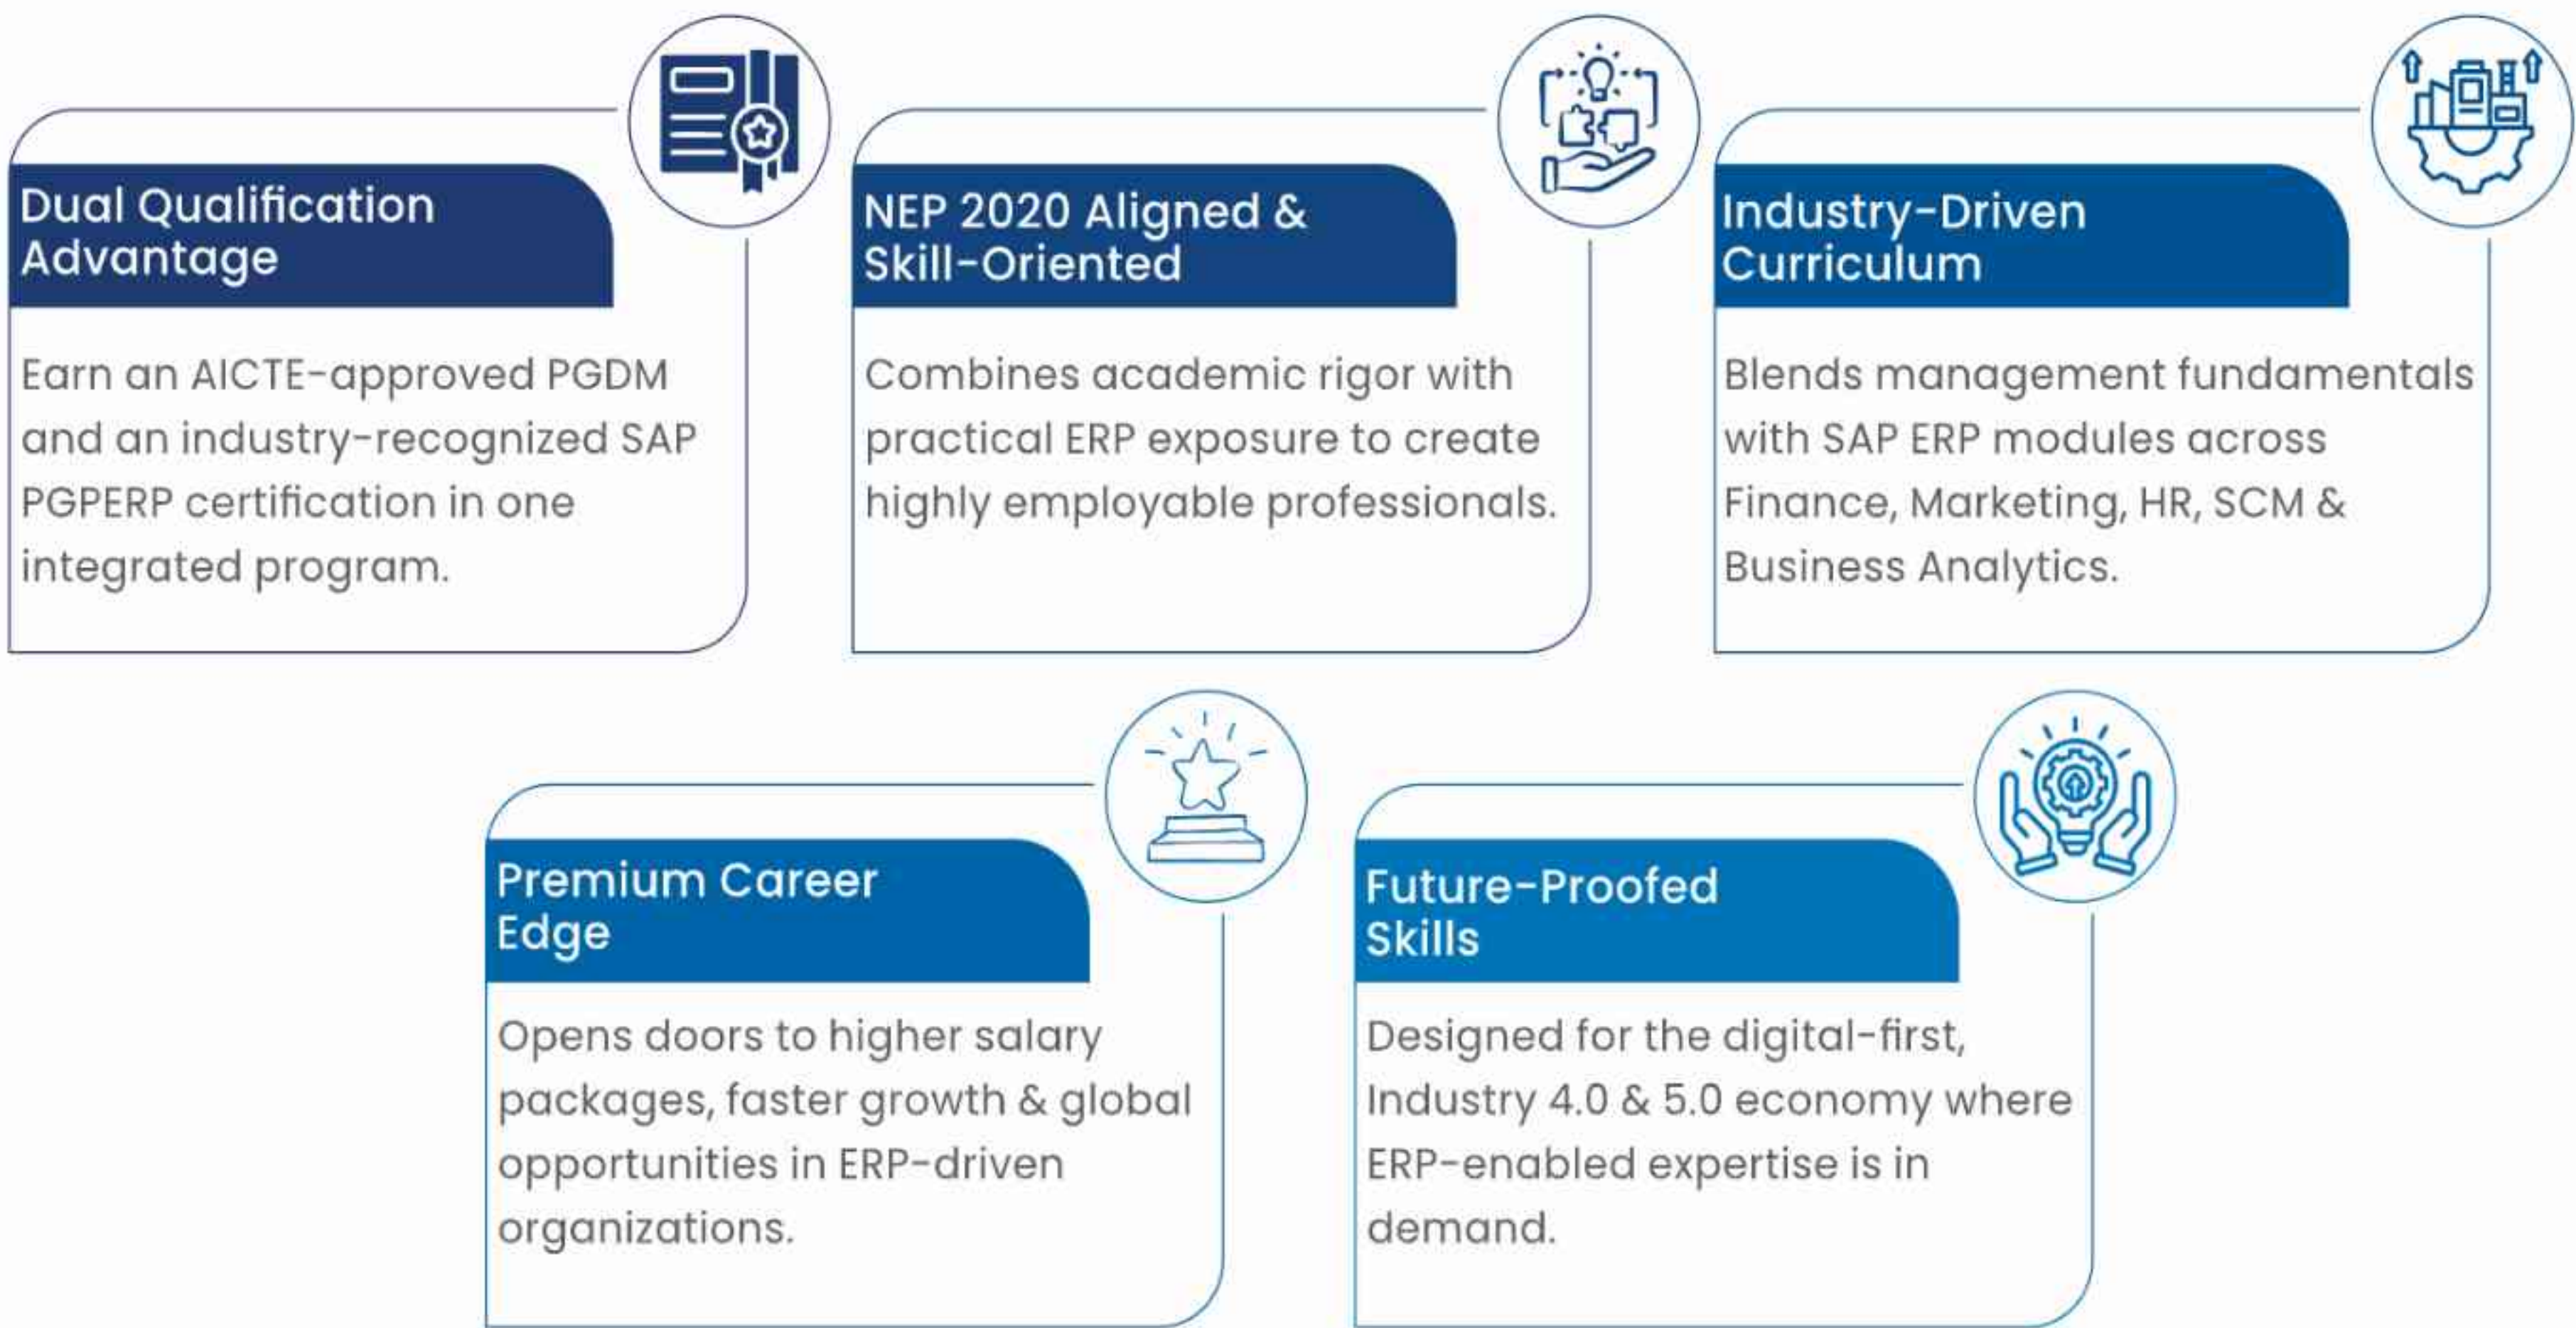

PGDM PLUS (SAP)

Two Powerful Credentials.
One Future-Proof Career.

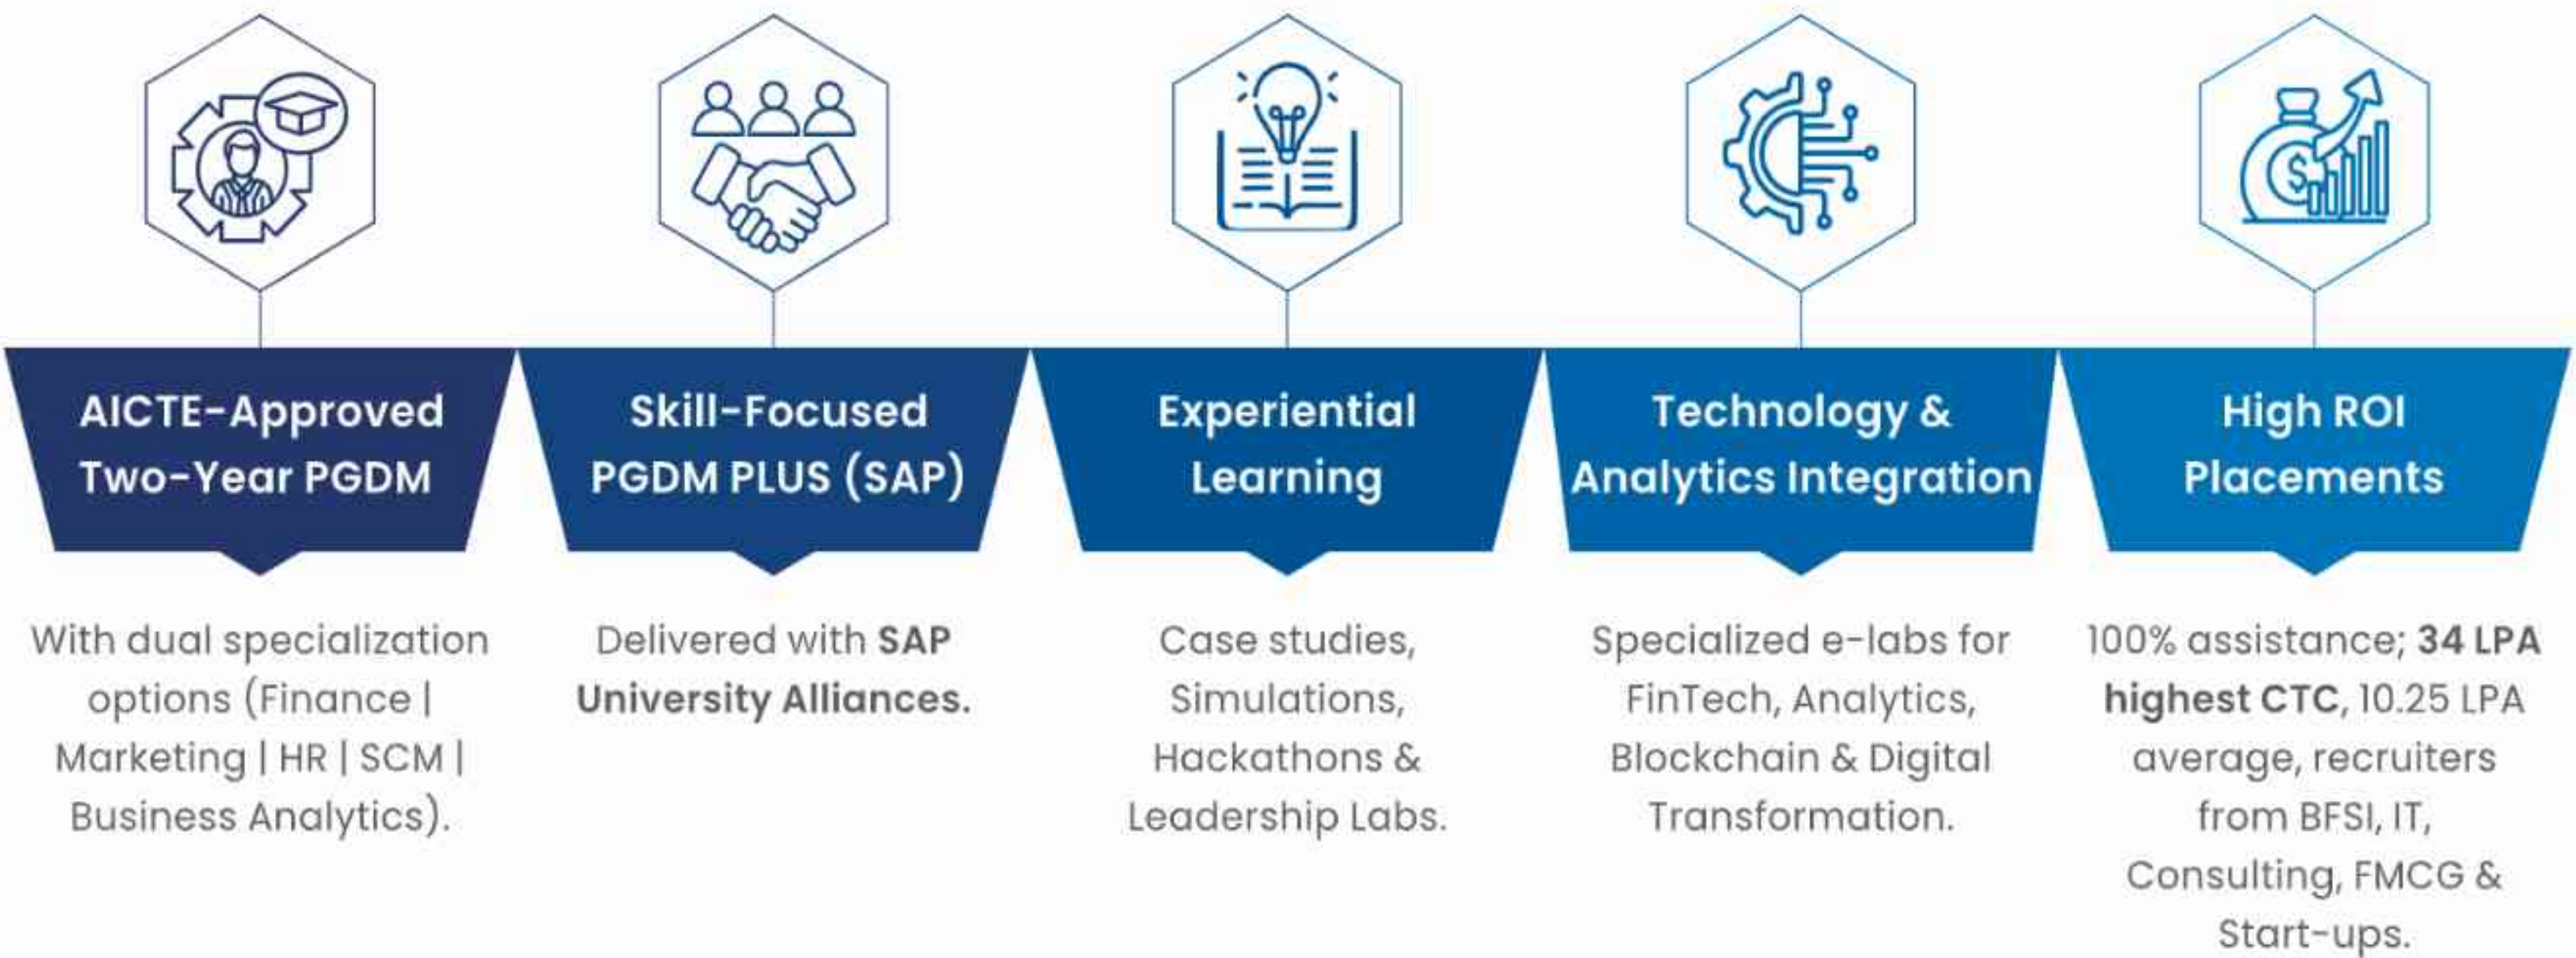

About Program

The AICTE-approved Post Graduate Diploma in Management PGDM PLUS offers a unique dual qualification that blends management excellence with cutting edge ERP expertise. Designed in collaboration with SAP University Alliances and industry experts, this program equips students with a strong foundation in core business disciplines such as Finance, Marketing, HR, Supply Chain and Business Analytics, while providing hands on training on SAP ERP systems (ECC & S/4HANA). Students gain deep understanding of end-to-end business processes – procurement, production, sales & distribution, finance, cost accounting and HR – along with industry-recognized SAP certification readiness. This integrated learning journey not only enhances employability and career readiness but also positions graduates for premium placements, global opportunities and accelerated growth in ERP-driven industries such as BFSI, IT/ITES, Consulting, Manufacturing, FMCG and E-commerce aligning perfectly with NEP 2020 and Industry 4.0/5.0 demands.

The Power of PGDM PLUS (SAP)

Program Highlights

Integrated Learning Path

- Semester-wise structure: Core PGDM management concepts + SAP ERP functional modules.
- Specialization options in Finance, Marketing, HR, SCM or Business Analytics with ERP expertise.
- The program culminates with preparation for global SAP certification, further enhancing employability and global credibility.

Skill-Oriented ERP Immersion

- Designed by SAP & Industry Experts – Co-created with SAP University Alliances and seasoned ERP professionals for maximum industry relevance.
- Techno-Functional Expertise – Learn cross-functional & technical modules to become a Techno-Functional SAP Consultant with high employability.
- Hands-on training on SAP ERP systems covering procurement, production, sales & distribution, finance, cost accounting & HR.
- Students receive 24/7 access to SAP ECC & S/4HANA servers, guided by experienced ERP professionals.

Industry Engagement & Corporate Exposure

- Live Projects, Summer Internship Program (SIP), Corporate Conclaves & CXO sessions.
- Mentoring and ERP project simulations with industry experts.
- Real-World SAP Application Training enriched with live industry examples and practical implementation insights.
- Expert Faculty – Highly experienced trainers from diverse industries with proven SAP expertise.

Career Readiness & Placement Support

- Accelerated Career Growth Curriculum designed to fast-track entry and success in the global SAP ecosystem.

Admission Process & Fees Structure for PGDM

Step 01

Online & Offline Registration

Visit our official website <https://www.iiebm.com/> Glance through our rich history and the holistic programs we offer. You can either fill out the application & submit the form at <https://admission.iiebm.com> or Visit the campus for the prospectus and application form.

Step 02

Verify Eligibility Criteria

- Bachelors degree in any discipline with a min of 60% marks
- CAT/XAT/MAT/CMAT/MH-CET /GMAT or any other Competitive Exam approved by AICTE
- Final year candidates may also apply

Step 03

Upload Documents

- Completed IIEBM application form
- Student photo
- Competitive Exam Score Card
- Birth Certificate
- Certificate and Mark Sheet of qualifying examination passed
- Work Experience Certificate (If any)

Step 04

Complete The Application

Apply the application form discount coupon, pay non-refundable form fees and submit. You can also generate PDF for future reference.

Step 05

Interview & Assessment

Post submission, you would be provided time & location details for Written Assessment, Group Discussion & Personal Interview. It would be a great opportunity for students to get an exclusive glimpse into their future with IIEBM.

Step 06

Selection Process

The result of the assessment shall be declared to candidates via e-mail and telephone. Selected candidates are required to pay the prescribed fee within 10 working days from the date of declaration, failing which the seat shall be offered to the student next in merit.

Step 07

Final Registration

Once the registration fee is paid and necessary documents are submitted along with the medical fitness letter, the applicant becomes a student, and ERP access is provided.

Step 08

Welcome to IIEBM

We are thrilled to welcome you to our IIEBM family. When you enroll for a program at IIEBM, you are not only investing in exceptional education but in a future with infinite possibilities.

Student Testimonials

"The PGDM + PGP (SAP) dual certification gave me both strategic business knowledge and hands-on SAP skills that made me stand out during placements. It opened doors to international roles and higher salary packages. I got placement at Apple with a package of 34 LPA"

Ms. Pasham Deepa

Placed at Apple.

"The student-led clubs were one of my favourite parts of the experience. From the E&I Cell to the various domain clubs, these spaces helped me learn, lead and even think like an entrepreneur."

Ms. Sanika Jadhav

Placed at Sciqu Infotech.

"Studying at IIEBM, helped me grow immensely. The curriculum blends theory with real-world application perfectly. I graduated feeling prepared for a tech-driven business world, not just knowledgeable on paper."

Mr. Pranjal Mishra

Placed at Trinamix.

"Because of IIEBM's strong industry ties, I got placed in a Fortune 500 company. The exposure through live projects, guest lectures, and networking events made me confident walking into any corporate setup."

Ms. Rachita Jain

Placed at Veedol.

"The Boot Camp was a turning point for me. It wasn't just a program. It was an experience that taught me to stay strong under pressure, work as a team, and push beyond limits. It built mental toughness that I now rely on in my career."

Mr. Krishna Yadhav

Placed at mygate.

"I learned that leadership isn't just about strategy — it's about character, competence, and compassion. Those values continue to shape the way I lead."

Ms. Smriti Singh

Placed at Deloitte.

"The discipline, integrity, and resilience inspired by the Indian Armed Forces ethos prepared me to take on challenges with confidence. Even our daily 'JAI HIND' greeting built a sense of pride and purpose that still guides me today."

Mr. Pranjal Upadhyay

Placed at Mahindra Finance.

"The campus has a great learning vibe — smart classrooms, fully equipped computer labs and comfortable hostels with high-speed Wi-Fi. Everything you need is right here."

Mr. Yuvraj Vashishtha

Placed at Birla Opus.

"My placement in the FMCG sector was made possible by the specialized certifications offered at IIEBM. That mix of academic depth and industry relevance gave me an edge during placements."

Ms. Shrita Hansdah

Placed at Infoedge.

"Placement support at IIEBM is truly impressive. Our batch achieved an average package of 10.25 LPA in the PGDM + PGP (SAP) program, which says everything about the program's value and reputation."

Ms. Sannidhi Jaiswal

Placed at Datafortune.

IIEBM helped me discover strengths I didn't even know I had. Every assignment and presentation pushed me to grow in ways that now reflect in my work. Exposure to leaders from varied industries, along with the guidance of highly experienced faculty, gave me a clearer understanding of how the corporate world functions.

Mr. Rishi Anand

Placed in Apple.

The environment encourages curiosity and exploration. We were pushed to think critically and experiment with ideas. Outbound learning programme helped me develop resilience and teamwork in real-world scenarios.

Ms. Swarnima Gupta

Placed at Birla Opus Paints.

The program helped me become more confident, organised, and structured. Exposure to multiple business domains helped me understand how companies operate and deepened my business acumen.

Mr. Dinesh Yadav

Placed at Tata Electronics.

Group projects and assignments taught me how to collaborate with people from diverse backgrounds. Outdoor team activities during OMT strengthened my coordination and communication skills.

Ms. Fatima Electricwala

Placed at Forbes Marshall.

Learning alongside ambitious and talented peers pushed me to stay motivated and competitive. Group treks and CSR activities created strong bonds and valuable networking opportunities.

Ms. P Gyankirti

Placed at Propacity.

The campus ecosystem is vibrant and inclusive, creating space for both academic and personal growth. The cultural clubs and festivals helped me connect with peers and express myself creatively.

Ms. Neha Kumari

Placed at E-Motorad.

The institute ensured we stayed updated on industry trends, which helped me stay ahead of the curve. Corporate guest lectures from IT and FMCG leaders added tremendous value to the learning experience.

Mr. Sohan Wadhwani

Placed at HCL.

The PGDM + PGPERP (SAP) program gave me a strong academic edge by combining strategic management learning with practical SAP skills, which significantly strengthened my profile during internships and placements.

Ms. Vanshika Kubal

Placed at Treebo.

My internship experience, arranged through campus, gave me real exposure to problem-solving and business operations. The expert sessions from leaders in BFSI and Consulting made it easier to connect academic concepts with real corporate practices.

Mr. Suyash Mohokar

Placed in Asset Financial Consultants Pvt. Ltd.

My time at IIEBM shaped my professional habits and discipline. The experiential learning activities instilled focus, stamina, and a strong problem-solving mindset.

Ms. Shweta Thakur

Placed at Mahindra Finance.

Student Testimonials

“

The value-added workshops helped me understand what employers truly expect. Corporate C-suite sessions gave an insider view of hiring trends across different booming sectors.

Mr. Roshan Jha
Placed at Tata Electronics.

“

The collaborative environment made learning enjoyable and enriching. Interactions with leaders from diverse sectors helped us understand how different industries operate.

Mr. Atulya Sharma
Placed at UST.

“

I gained a structured approach to problem-solving that I use even today. Outdoor Management Training activities taught me how to stay calm under pressure.

Ms. Samridhi Sinha
Placed at zydus wellness.

“

I developed strong corporate readiness through industry-integrated learning. Visits to BFSI and Consulting companies helped me understand corporate culture early on.

Mr. Akshay Srinivasan
Placed at Pazcare.

“

What I valued most was how approachable and supportive the faculty was. Their mentorship extended far beyond academics. Corporate CPO sessions on campus broadened my perspective of corporate leadership expectations.

Ms. Simran Kaur
Placed in Asset Financial Consultants Pvt. Ltd.

“

The practical orientation of the curriculum made concepts easy to apply during my job. Industrial visits to manufacturing units and corporate hubs gave us hands-on exposure to business processes.

Mr. Pratik Chavan
Placed at Colgate.

“

The institute's faculty ensured we were industry-ready through consistent guidance. Tie-ups with companies across FMCG, IT, and emerging sectors gave us excellent placement exposure.

Ms. Aishwarya Baride
Placed at SLB.

“

The placement training was structured and impactful, especially the mock interview sessions. Recruiter interactions from consulting and analytics companies helped me understand expectations clearly.

Mr. Jayesh Talreja
Placed at Home First Finance Company.

“

I walked out of IIEBM with clarity, confidence, and the technical skills needed to succeed. Being part of the PGDM program gave me exposure to multiple sectors through industrial visits and corporate talks.

Mr. Rishabh Bihare
Placed at Agrosaf Pharmaceuticals.

“

The analytics tools training gave me strong technical capabilities. Visits to IT and analytics partner companies helped me understand real-world applications of these tools.

Mr. Sarvesh Soni
Placed at Treebo.

The mentorship I received helped me gain clarity about my strengths and long-term career direction. Interactions with senior leaders from multiple industries enriched my perspective and offered guidance that continues to influence my professional choices.

Ms. Kousani Dhar

Placed at Colgate.

The exposure received through industry meet-ups and panel discussions was truly impactful. It helped me understand how businesses think, not just how they work. Outdoor management training and cross-functional cultural club activities made learning dynamic and experiential.

Mr. Ravi Gaud

Placed in Apple.

The focus on communication skills has made a noticeable difference in how I present myself professionally. Student cultural initiative and event hosting opportunities helped me refine my public speaking skills.

Ms. Meenal Soni

Placed at Propacity.

The program challenged me academically and intellectually through meaningful projects and case-based learning. Creative arts club and student-driven committees helped me build confidence, creativity, and leadership skills.

Mr. Ayan Joshi

Placed at AU Small Finance Bank.

Participating in competitions and campus events shaped my problem-solving and presentation skills. Interactions with corporate leaders who visited the campus motivated me to aim higher.

Ms. Ayushree Singh

Placed at Urban Company.

Peer learning played a major role in my growth through discussions and group work. Industrial visits and cross-industry exposure enriched my perspective on business models.

Mr. Yash Sharma

Placed at Tap.

The exposure to management tools helped me contribute effectively from day one in my job. Industrial visits to IT and technology firms helped me understand digital transformation firsthand.

Ms. Paridhi Sharma

Placed at Marico.

The emphasis on discipline and accountability shaped my professional attitude. Exposure to various CHRO talks helped me understand how to conduct myself in a corporate environment.

Mr. Hrithik Srivastava

Placed at Zepaste Electric.

The additional certifications I completed helped me differentiate myself during placements. Visits to partner companies helped me understand how these certifications are applied in real corporate setups. It further helped me connect these learnings to real business scenarios, making me more confident during interviews.

Mr. Neel Ray

Placed at HCL.

I learned the importance of networking during my time here. Guest sessions by CXOs and industry leaders provided exceptional networking opportunities. These interactions also helped me understand industry expectations better, which proved invaluable during internships and placements.

Mr. Bharat Harwani

Placed at UST.

IIEBM Indus Business School, Pune – A New-Age Campus for Holistic Management Education

In an era when business schools often produce graduates with comparable skill sets, IIEBM Indus Business School, was among the first in Pune to draw inspiration from the Indian Armed Forces, a move that set the Institute apart in its mission to develop leaders who are not just industry-ready but battlefield-ready for the Corporate Battlefield.

With a proud legacy spanning more than two decades, IIEBM continues to groom future leaders using the finest Indian Armed Forces ethos, Values and Management techniques where focus is on Discipline, Devotion, Loyalty, Camaraderie and a spirit of Nationalism – the very qualities that form the foundation of resilient and ethical leadership.

IIEBM is the only B-School in India where the official oxygen saturation is “JAI HINDU,” symbolizing its commitment to National Pride.

Powering the Curriculum: Academic & Industry Collaborations

IIEBM's strong industry linkages are facilitated through strategic alliances with global leaders in technology, finance, and academia. These collaborations enrich the learning experience through specialized curriculum input, expert workshops, and certification programs.

Area of Collaboration	Industry Collaborations
Technology & ERP	SAP University Alliance, Microsoft, IBM, Google
Global Academia	London Business School, University of Cambridge
Finance & Analytics	CFA, IFPAC
Skill Certification	National Institute of Securities Markets (NISAM)

The results speak for themselves: 100% Placement Satisfaction, highest CTC of INR 34 LPA, an average of INR 16.55 LPA for PGDM + PGPERP(SAP) and recruiters from IFSM, IT, Consulting, FMCG, and the vibrant startup ecosystem.

A Legacy of Success: The Alumni Network

The true measure of a B-School's performance is the success of its alumni, and IIEBM's records are impressive. With a global alumni network of over 7,500 professionals, their footprint is significant:

- 40% alumni are working in Top 50 BSE Companies.
- 20% in Top 50 IIT Companies.
- 30% in Top 50 Start-Up Companies.
- 25% in Fortune India Super 50 Companies.
- 1,500+ in Fortune 500 Companies.
- Approximately 15% have become entrepreneurs or joined their family businesses.

These figures are a testament to the Institute's ability to produce professionals who excel in the most competitive corporate environment globally.

Pioneering Sustainability: Carbon-Neutral B-School

In a pioneering achievement, IIEBM has been recognized as India's first Carbon-Neutral Management Institute. Sustainability is deeply woven into Campus life through initiatives such as rooftop solar power, rainwater harvesting, and composting waste to generate manure.

The Institute has also integrated Environment, Social and Governance (ESG) studies into its curriculum, preparing future leaders to be business-savvy, environmentally conscious and ethically grounded. Conducted in collaboration with TerraNova, the ESG Program

THE FOUNDATIONAL ETHOS: FROM THE BATTLEFIELD TO THE BOARDROOM

Col Vinod Marwaha, Founder President & Managing Trustee

The story of IIEBM Indus Business School is deeply intertwined with the vision of its Founder President and Managing Trustee, Colonel Vinod Marwaha, an alumnus of the National Defence Academy (NDA Course) and Indian Military Academy (IMA Course) who were among the youngest Officers to participate in the 1971 Bangladesh Liberation War, a conflict known as the 'Born to Battle' Course.

Bringing with him the discipline of a soldier and the strategic acumen of a Commander, Colonel Vinod Marwaha infused Management Education with the ethos of Military Leadership. His vision was simple – to instill young minds with the same readiness, integrity and sense of purpose that define the Armed Forces, preparing them to lead with courage and conviction in the Corporate World.

Extending the Legacy: IndusChange School & CSR Initiatives

IIEBM expanded its Educational Vision with the launch of IndusChange School (ICSS) approved in 2015, nurturing young learners with values-driven education.

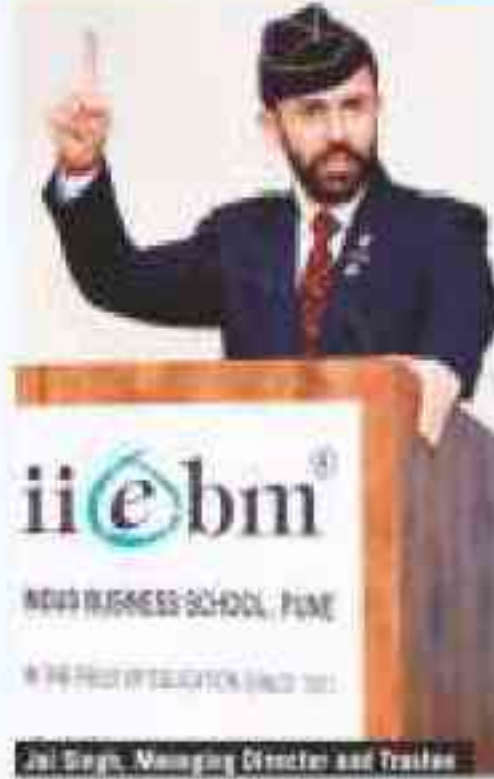

The Colonel Vinod Marwaha Foundation, the CSR arm of the IIEBM Trust, spearheads initiatives that give back to society, further embedding service, responsibility and community engagement into the Institute's ethos.

25 Glorious Year's Journey of Setting Benchmarks

As IIEBM celebrates its silver jubilee, the Institute's journey is more than a timeline of milestones. It is a testament to an enduring commitment to upholding the Core Values – ASPIRE (Ambition, Self-discipline, Perseverance, Tradition, Reliability and Ethics), Education, and Tradition, embodied by its members, while nurturing principled, future-ready leaders.

By seamlessly blending Military-inspired discipline with a technology-driven, sustainability-focused curriculum, IIEBM Pune has

ADAPTING TO CHANGE: STAYING AHEAD IN A DYNAMIC WORLD

Jai Singh, Managing Director and Trustee

Over the past two decades, the Corporate landscape has undergone a remarkable transformation, from the traditional brick-and-mortar era to the hybrid work and cloud-based era, and now into a fully evolved, technology-driven digital era.

Alongside this business evolution, there has been a profound generational shift. Earlier cohorts of students and professionals were generally more disciplined, patient, resilient and adaptable. Today's Generation Z and the emerging Generation Alpha – facing new problems, values and expectations, requiring fresh approaches to teaching, training, and leadership.

Through these changing times, Jai Singh, Trustee and Managing Director of IIEBM, has ensured that the Institute remains agile and responsive. Under his leadership, IIEBM has continually evolved to meet industry needs by embracing updated training tools, modern teaching methodologies and innovative pedagogy designed to prepare students for an ever-changing world.

The students embody this dual environment – grounded in the timeless ethos of the Indian Armed Forces while being equipped with the modern capabilities to lead confidently in a dynamic world.

ready to navigate the complexities of the modern business world with integrity, resilience, and purpose.

For more details visit: www.iiebm.com, Email: communications@iiebm.com, Call: 8000664834

THE ACADEMIC ARSENAL: BLENDING MANAGEMENT WITH TECHNOLOGY

Dr. Pooja Nigam, Dean

Under the leadership of Dr. Pooja Nigam, Dean of IIEBM, students are groomed with a dual competency in the latest technology platforms and industry-relevant skills.

At the heart of IIEBM's Academic offerings are its Flagship Programs, the PGDM and the innovative PGDM + PGPERP (SAP) dual certification. Both are designed to create professionals who can thrive in a digitally transformed business environment.

The curriculum balances Academic rigour with hands-on, skill-oriented learning. The PGDM program offers dual specializations in high-demand areas such as Finance, Marketing, HR, Supply Chain Management, and Business Analytics.

The PGDM + PGPERP (SAP) program is the crown jewel. It integrates an AICTE-approved PGDM with an industry-recognized SAP certification, equipping students with both strategic business understanding and practical proficiency in SAP ERP modules – skills highly sought after in an ERP-driven Corporate world. This program provides premium higher education with a direct path to higher salary packages, faster professional growth, and career openings in global opportunities.

Beyond these flagship offerings, IIEBM has introduced industry-aligned programs in emerging domains such as Artificial Intelligence, Data Science, and Digital Transformation. The Institute also aligns with the National Education Policy (NEP) 2020, promoting holistic, multidisciplinary learning and lifelong employability.

These initiatives not only prepare students for the jobs of tomorrow but also echo the Prime Minister's vision of Vision Bharat 2047 – nurturing a future-ready, self-reliant, and globally competitive India.

PLACEMENT HIGHLIGHTS: PGDM + PGPERP(SAP)

A CAMPUS DESIGNED FOR HOLISTIC DEVELOPMENT

Strategically located in Wakad, IIEBM offers students a unique advantage, surrounded by leading IT and industrial organizations that provide direct Corporate exposure through internships, live projects and regular interactions with industry experts.

The campus infrastructure is state-of-the-art, supporting a comprehensive learning environment. Smart classrooms, fully equipped computer labs, a well-stocked traditional and digital library and seminar hall form the academic core. The residential facilities offer a safe and comfortable environment, equipped with high-speed internet access, dedicated recreational areas, and round-the-clock security. Additionally, a spacious and hygienic dining hall efficiently serves more than 800 students.

The Sarva Dharma Prarthana Sabha, a multi-faith place of worship, reflects the Institute's secular ethos, promoting religious harmony, unity and value-driven education.

The Campus celebrates National and Cultural events such as Chhatrapati Shahu Maharaj Jayanti, Ganesh Visarva, 1875 Vikram, Kargil Vijay Diwas, and the International Day of Yoga, to name a few, instilling pride, historical awareness, and leadership values.

BEYOND THE CLASSROOM: SHAPING LEADERS THROUGH EXPERIENTIAL LEARNING

IIEBM believes that true leadership is shaped beyond the classroom. A vibrant network of student-led clubs and organizations forms the heartbeat of the campus and drives creativity, collaboration and personal growth.

Domain-specific clubs in Supply Chain, Finance, HR, Business Analytics, and Marketing allow students to sharpen professional expertise, while the Carixity Club and Basketball Club ignite intellectual passion. The CSR Club and Entrepreneurship & Innovation (E&I) Cell cultivate social responsibility and a startup mindset, and committees dedicated to Sports, Alumni and Activities ensure balanced engagement in fitness, networking, and scholarship.

A highlight of IIEBM's experiential learning is the legendary Boot Camp, designed to prepare students for the Corporate

battlefield, inspired by the Indian Armed Forces. It instills core values such as teamwork, collective goal-setting, resilience, mental robustness, and a positive attitude. Students face unforeseen challenges, learning to adapt, persevere, and achieve what seems impossible.

In Military parlance, this embodies "resolute combat potential", equipping IIEBM students to tackle challenges with confidence, discipline, and unwavering determination.
